

# INZECTO MOSQUITO TRAP

Effective  
Simple  
Long-Lasting

Our patented coating inside of the trap utilizes a micro-dose of insecticide embedded into the interior surface. Designed for **mosquito prevention**, utilize traps at the beginning of the season to prevent the annoyance of urban mosquitoes in your yard that can carry dangerous diseases to humans such as Dengue, Zika, Yellow Fever, Chikungunya, West Nile, and others.

## Features

- INZECTO Mosquito Trap shape & red/black coloring proven to attract female mosquitoes
- Insecticides embedded into micro-porous coating inside of trap provide maximum safety
- Insecticides located **ONLY** inside of the Trap to prevent human, pets, and wild animal contact
- Effective prevention of emergence of urban mosquitoes such as *Aedes aegypti* mosquitoes
- Larvae food source of leaf-infusion mixture creates a perfect breeding ground
- **Simple installation: Just Add Water** and place it in a shaded area of the garden or landscape
- **Trap is 100% Recyclable** & Manufactured with 50% recycled plastics and packaging
- Long-lasting efficacy minimizing replacement costs and requiring no reapplication of actives
- Recommended disposal after three (3) Months

## Actives

Pyriproxyfen  
Permethrin

Calendar for Replacement (Quarterly)
